WILL BACK UP THE BOYS AT THE FRONT

Written for the Liberty Loan Organization of the Eighth Federal Reserve District.

By MILDRED S. McFADEN.

We are backing up the boys at the front.
 Our soldier boys, the flower of our youth,
 Who answered Freedom's call
 And are gladly giving all
 For liberty, for justice and for truth.

We are working for our heroes at the front,
 Who nobly bear the brunt of shot and shell.
 For, backed by love untold,
 And bullets made of gold,
 They will rescue all the world from German Hell.

We are backing up our sailors on the sea,
 So gallantly standing by their guns,
 'Mid perils of the deep
 Where deadly U-boats creep
 To do the baneful bidding of the Hun!

We are backing up our birdmen at the front,
 Whose dauntless souls no sense of fear can know.
 Patrolmen of the sky,
 O'er hostile lines they fly
 To guard the guns on "firing line" below.

We are backing up our service at the front,
 Where toll of pain doth mark each victory won.
 That nurse with Cross of Red
 May hover o'er each bed
 To soothe and comfort every mother's son.

We are backing up our colors at the front,
 Old Glory shall never brook disgrace.
 O lift it high and higher,
 That its message may inspire
 A spirit of world-freedom for the race.

To back our allied forces at the front
 Is the urge of our Liberty Loan campaigns.
 Each Liberty Bond we hold
 Is a handicap of gold
 To bind the Hun forevermore in chains.

'Bring your things into my store-house,' Freedom calls,
 Make every hoarded dollar do its share;
 With patriotic thrill
 And zeal of bumper bill
 Roll up millions for the boys "over there."

WHAT A BOND WILL BUY
 Even a \$50 investment will do much for some boy "Over There."

When you subscribe to the next Liberty Loan you not only make a good investment, but contribute in a direct and practical way to feeding and equipping the army or navy.

Here are a few of the things even a small investment in the bonds will accomplish. They are taken from a list prepared by the Treasury Department, and there are many others:

One \$50 bond will buy trench knives for a rifle company, or 23 hand grenades, or 14 rifle grenades, or 37 cases of surgical instruments for enlisted men's belts, or 10 cases of surgical instruments for officers' belts.

A \$100 bond will clothe a soldier, or feed a soldier for eight months, or purchase five rifles or 30 rifle grenades, or 43 hand grenades, or 25 pounds of ether, or 145 hot-water bags, or 2,000 surgical needles.

Two \$100 bonds will purchase a horse or mule for cavalry, artillery or other service.

Three \$100 bonds will clothe a soldier and feed him for one year in France, or buy a motorcycle for a machine gun company.

Four \$100 bonds will buy an X-ray outfit.

One \$500 bond will supply bicycles for the headquarters company of an infantry regiment.

KEEP THE WINDMILL GOING
 Investing in Liberty Bonds Keeps the Government's Machinery in Motion.

Every farmer has seen a windmill. Millions of farmers own one or maybe two. And every farmer knows that a windmill can't go without wind. There is an old-fashioned expression about "raising the wind" meaning that one is raising the money for some venture.

Uncle Sam is raising the wind at this time for one of the biggest jobs he ever has had on his hands. It is up to all of us to help out. The purchase of Liberty Bonds will make certain the turning of the machinery that will defeat the common enemy.

THE MOVIE SHOWS HELP
 The motion picture exhibitors of Los Angeles have inaugurated a movement for "Liberty Loan Night," at every theater in the city, in accordance with plans now being formulated by a committee of the National Association of Motion Picture Industry.

Exhibitors throughout the United States will be supplied with posters, slides and other material to be used in the theaters in this campaign.

Cause of Headache.

By knowing the cause, a disease may often be avoided. This is particularly true of headache. The most common cause of headache is a disordered stomach or constipation, which may be corrected by taking a few doses of Chamberlain's Tablets. Try it. Many others have obtained permanent relief by taking these tablets. They are easy to take and mild and gentle in effect.

Charles and Miss Kate Kuchinski of Higginsville, and Mrs. Anna Trangott of Sedalia, spent Sunday with Mr. and Mrs. Andrew Kuchinski.

Walter Schulp of Sweet Springs, and Miss Lena Schulp of Concordia, spent Sunday with Mr. and Mrs. Louis Schulp.

Do You Enjoy Life.

A man in good physical condition is almost certain to enjoy life, while the bilious and dyspeptic are despondent, do not enjoy their meals and feel miserable a good share of the time. This ill feeling is nearly always unnecessary. A few doses of Chamberlain's Tablets to tone up the stomach, improve the digestion and regulate the bowels is all that is needed. Try it.

Mrs. W. C. Roth returned Sunday morning from a few days' visit in Higginsville.

Nine colored men entrained Monday morning for Camp Funston.

About Rheumatism.

Rheumatism causes more pain and suffering than any other disease, for the reason that it is the most common of all ills, and it is certainly gratifying to sufferers to know that there is a remedy that will afford relief, and make rest and sleep possible. It is called Chamberlain's Liniment.

Mrs. K. Berggren of Oklahoma, and Mrs. H. E. McLaughlin of Kansas City, who have been guests of Mrs. Susie King, returned Monday to their homes.

For a Sprained Ankle.

As soon as possible after the injury is received get a bottle of Chamberlain's Liniment and follow the plain printed directions which accompany the bottle.

Notice, Please Read!

William Herd spent Friday in Kansas City.

Miss Dora Peacock returned to Higginsville Friday evening after a visit here with friends.

Volunteer Strawberry Pickers Wanted.

The Woman's Committee has offered to furnish pickers for the strawberry fields, ready to go to work from May 10th to May 20th, dependant upon the weather.

An answer to the growers has to be returned May 1st, after which probably a fortnight will intervene before the units need to be entirely prepared.

They can use 1000 women. It has therefore been decided to send out a call to all the counties, giving them the opportunity to share in this work. If every county would send 10, the number would be filled. As this will probably not be possible, each county is asked to send as many as possible.

The women will be used in units of 15 to 50 under a supervisor sent with the unit where possible, and approved by you. They will be housed together and it planned to unify the commissary department to facilitate cheap buying. Some units may pick on several farms—none over ¼ mile distant from unit base.

Growers will furnish housing in tents or houses, fuel, stoves water and straw to fill mattresses. Workers must provide tick or cot, bedding, towels, eating kit (plates or cutlery) and suitable clothes, wide straw hat, short skirt or overalls, etc., and pay car fare to and from Sarcocoe. Wages 2 cents per box.

The units must be subject to call after May 10th, although with cool weather they will not be needed for a fortnight more. I want Missouri to show that it can produce 1000 women workers in a month. This is a patriotic call to save the strawberry crop.

Mrs. Massey Holmes, State Chairman of Food Production.

Volunteers report to Mrs. Geo. Taylor, Registration Chairman.

Our First War Year.

One year ago our Army consisted of 9,524 officers and 202,510 enlisted men; it now numbers 123,800 officers and 1,529,000 enlisted men. Several hundred thousand of these men are now in Europe taking part in the greatest battle in history. Our Ordnance Department is now spending about \$13,000,000 a day, which is just about the amount it annually expended in peace times. Our production of rifles is now 11,550 a week, against 2,500 a week in September, 1917. To feed our Army 3,000 cattle must be slaughtered every morning.

Navy.

Our Navy, including the Marine Corps, consisted on April 6, 1917, of 83,738 officers and men; it now numbers 352,752 officers and men. For months our war vessels have been patrolling the ocean routes and have accounted for many submarines and convoyed thousands of ships carrying men and supplies to Europe.

A year ago there were building or authorized for our Navy 123 vessels; since then hundreds of submarine chasers and other small-type vessels and a number of destroyers have been completed, and contracts are now existing for more than 900 vessels. We have the greatest wireless service in the world, stretching from Alaska to Panama and to Hawaii and the Philippines.—Bulletin.
